School Culture for Learning

Connections:

District Strategic Plan •Goals 2, 3 Marzano Leadership Domain 5

School-wide Behavior Plan

1. Describe your school's expectations for providing a safe, secure and healthy learning environment. Ensure that your school has a behavioral system connected to Positive Behavioral Interventions and Supports (PBIS).

Osceola Middle uses PBS. Guidelines for Success - THE CHIEF WAY

Be Respectful

Be Responsible

Be an Active Learner

Classroom Expectations

Be on time

Be prepared

Stay seated

Follow directions

Hallway/Courtyard Expectations

Use an indoor voice

Keep hands/feet to yourself

Keep moving - walk and talk

Keep walkways clear

Restroom Expectations

Keep talking to a minimum

Report any issues to an adult

Use, wash hands, and leave

Return to class when finished

Cafeteria Expectations

Stay seated until directed

Keep legs under the table

Raise hand for assistance

Clean up trash

The above items are Osceola Middle School's Guidelines for Success, Classroom Expectations, and Common Area Expectations. These items are reviewed yearly by the discipline committee and then presented to the staff. Lesson plans are created by departments and then shared with all students. All of the above expectations are also discussed by administrators during grade level assemblies at the beginning of the school year. Additionally, these expectations are posted throughout the school and in every classroom.

2. What is your plan for ensuring that the school-wide expectations transfer to the classrooms? How does the school ensure that expectations are implemented equitably in the handling of student behavior?

Classroom Expectations

Be on time
Be prepared
Stay seated
Follow directions

School-wide classroom expectations are reviewed by the discipline committee and then shared with the staff. Teachers then teach lessons regarding appropriate classroom behavior in their classes for the first two weeks. Classroom expectations are also posted in every classroom. Classroom behavior is also reviewed at the grade level behavior assemblies. Finally, social studies teachers review and teach lessons about the Code of Student Conduct.

3. What is your plan to implement a seamless multi-tiered system of supports (MTSS) focused on an integration of behavioral (social/emotional) and academic supports to meet the needs of all students? Ex. Character education, social-emotional learning, equity, school climate initiatives and/or restorative practices.

Osceola Middle School utilizes a school-wide (Tier 1) Positive Behavior Support (PBS) system to help engage students and to reduce off-task/disruptive behavior. The OMS PBS system will utilize a token economy based on rewards given by staff members. These tokens are called "Chief Change." Teachers will strive for a 3 to 1 positive to negative ratio of interactions. This will place more of an emphasis on positive behavior.

All staff members will use Chief Change to reward on-task and appropriate behavior. There is a school-wide discipline poster in every classroom.

4. Describe your school's plan to meet the physical, social and emotional needs of students who are in need of supplemental or intensive supports. What processes do you have in place?

The following teams meet on a routine basis and focus on specific areas of our students lives. The members of these team overlap so there is continuity of care and consistency in providing assistance for the "whole" student.

Our teams include: MTSS (Academic/Behavior), Child Study Team (attendance), & School Leadership (overall school data). In addition, we focus on providing a rigorous ELP (enrichment and remediation) program, Career Planning with our 8th grade students, & Social Skills & Learning Strategy classes for our ESE students.

House meetings by grade level are designed to discuss student issues and fosters collaboration between the teachers. Information from these meeting is then funneled to appropriate personnel (admin, guidance, social work, truancy, etc).

Teachers may also complete guidance referrals, discipline referrals or MTSS referrals to assist in drawing attention to the needs of the students.

Administration runs reports on a routine basis that focuses on grades, discipline and attendance.

Tier 2 interventions include: lunch bunch, ELP, weekly progress reports, "groups" with our counselors, mentoring, 5000 Role model & Girlfriends,

5. Describe how your school monitors student progress to determine if additional supports are needed to improve student outcomes. Include your data sources (school dashboard, disparity gap or Healthy Schools data).

Administration runs reports on a routine basis that focuses on grades, discipline and attendance. This information is then shared/discussed at MTSS/CST/ School Leadership and grade level. Based on the outcomes interventions are implemented.

Information is pulled from the following sources: Focus, Performance Matters, School Profile Report, UNIFY, early warning system & gradebook grades quarterly.

For our Tier 3 students, we monitor our students PBIP/FBAs and PSWs through frequent data collection using daily/weekly progress monitoring forms & individualized data collection.

Data-Based Problem Solving

4. Describe your school's plan to meet the physical, social and emotional needs of students who are in need of supplemental or intensive supports. What processes do you have in place?

MTSS (Academic/Behavior), Child Study Team, ELP, Career Planning, Social Skills & Learning Strategy classes for our ESE students.

OMS teachers are all assigned a grade level team. These teams meet every other week to discuss any issues or concerns as related to their specific grade level. The guidance counselors review the counseling referrals and consult with the student in need of assistance. At that point, a parent/teacher conference may be scheduled.

If circumstances require additional assistance, the student is then discussed during the weekly Child Study Team. Based on the individual's situation, counseling or a referral to an outside agency may be offered. If there is need for ongoing support, a formal request for service is generated. Parent input is gained through surveys, PTA and SAC meetings. Information for additional supports is provided through these avenues as well as additional open house / activity nights.

New Student Orientation (7th and 8th)

Peer connectors

Mentoring of FCAT Level 1 Math and Reading Students

Bullying prevention and mediation

Safety Plans: MTSS monitors the following sources on a bimonthly basis: Focus, Performance Matters, School Profile Report, school dashboard & early warning reports during our meeting. For our Tier 3 students, we monitor our students PBIP/FBAs and PSWs through frequent data collection using daily/weekly progress monitoring forms & individualized data collection.

5. Describe how your school monitors student progress to determine if additional supports are needed to improve student outcomes. Include your data sources (school dashboard, disparity gap or Healthy Schools data).

Assessments / Mentoring / Intensive

Remediation ELP

Writing: All Level I and Level III Intervention activities, continued review of Common Assessments / Mentoring / Intensive Remediation

All assessments are monitored on a monthly basis. Content area administrators meet with individual teachers / teams to determine course of action on providing remediation, enrichment or more rigorous instruction.

High Expectations for All

6. How does your school leadership ensure that all staff members have high expectations for the success of all students by providing learning opportunities that are rigorous and equitable?

Professional development is provided at both school and district level for teachers to understand and implement rigorous and differentiated instruction. Quarterly analysis of benchmark assessments is implemented for teachers to reflect individually and as a team to assess instruction implementation and progress of their students. This reflection is reviewed by administration. In addition, walk throughs are conducted by administration on a regular basis with feedback provided. Administration reviews weekly lesson plans to make sure teachers are covering content that is differentiated and rigorous. Support is offered by reading, math and science coaches as well.

School Culture / SWBP / Key Strategies

Goal 1: What is your primary goal and strategy to improve the overall culture, climate at your school?

Goal: The percentage of all students receiving disciplinary action will decrease by 10% and the percentage of African American students will decrease by 2% from previous years by explicitly teaching student's social, emotional, behavioral and self-management skills.

What is the key strategy that you will implement to accomplish this goal?	Name of person(s) responsible					
Osceola Middle School utilizes a school-wide (Tier 1) Positive	Assistant Principals					
Behavior Support (PBS) system to help engage students and to	Teachers					
reduce off-task/disruptive behavior. The OMS PBS system will utilize						
a token economy based on rewards given by staff members. These						
tokens are called "Chief Change." Teachers will strive for a 3 to 1						
positive to negative ratio of interactions. This will place more of an						
emphasis on positive behavior.						
Additionally, OMS will utilize school-wide Guidelines for Success and						
Common Area Expectations to help students understand school rules						
and procedures.						
Goal 2: What is your primary goal and strategy for reducing the discipline and learning gaps between Black and Non-						

Black students in your school? You may also address other related subgroups if needed.

Goal: We plan to reduce the number of black referrals to no more than 6% of our total referrals for the 2016-17 school year which in turn will show an increase in the proficiency level of our black students because they will be engaged in relevant and rigorous course work.

What is the key strategy that you will implement to accomplish this goal?	Name of person(s) responsible
Utilization of 5000 Role Models, Girlfriends, STEP, Mentors	Administration

Standards-Based Instruction for Learning

Connections: District Strategic Plan • Goals 1,2,4,5 Marzano Leadership Domain 1,2,3,4

7. Describe your school's efforts to align instruction to state standards, increase academic rigor and student engagement. What successes have you seen to date? What data did you review to measure your success?

We have numerous opportunities to participate in staff development. We have a majority of our teachers who use AVID strategies to challenge students to work at or above their ability level. We use visual organizers and planners to organize the content in each lesson.

8. In aligning instruction to state standards and increasing rigor and student engagement, what are the key areas for improvement in your school? What data did you review in reaching these conclusions?

We reviewed the FSA data and drew conclusions as to what we still had to work on for the following year.

9. Describe how teachers in your school measure student growth in meeting state standards. Discuss your staff's use of student data (ex. assessment, goals and scales) to measure learning and inform instruction.

Teachers give cycle assessments; chapter tests; reports/projects, and scales are used to assess the extent in which the standard is mastered. Instruction is revised based on the assessments and the scales as needed.

10. Describe how your school supports all students in reaching grade level proficiency and transitioning from one school level to the next (elementary to middle, middle to high school and high school to college/career).

Incoming students are invited to attend a Peer Connect during the summer where they get acclimated to the school, receive organizational tips, and meet the staff in a small group environment; School wide expectations are posted in every classroom; A positive rewards system is in place where students receive "Chief Change" for following school wide expectations. There is an active anti-bullying campaign in place with Anti-bullying assemblies and Beat Out Bullies where our Deputy has former and current students to beat the drums for 12 hours. There is an "Open door policy" for guidance counselors; and our behavior specialist. We offer before and after school clubs including STEAM, GAMING, Open Gym and Course Recovery to all students.

Standards-Based Instruction / Key Strategies

Provide the following information on the key strategies that your school will use to increase the amount and quality of learning time. List the school-wide strategies that will be your focus for the coming year.

rearring time. List the sensor wide strategies that will be your rocus for the co	0 /				
Instructional Strategy 1					
Teachers will utilize both formal and informal date to guide & differentiate instruction (remediate, enrich, rigor)					
How are data collected and analyzed to monitor implementation of this strategy?	Name of person(s) responsible

Connections: District Strategic Plan •Goals 1,2,4,5 **Marzano Leadership** •Domain 2, 4

11. Describe your school's efforts to encourage a positive working relationship between teachers, staff and administrators. Please reference specific lessons or growth areas found from a review of your school's AdvancED climate survey that supports your plan to improve professionalism, collegiality and trust.

We provide numerous opportunities throughout the year for parents to come to the school to speak with their student's teachers. We also have parent nights where we have workshops for the parents. Next week is our first one: Get Organized in Middle School where we will showcase strategies that they can use to help their child with organization. We have a night where we go over the testing cycle and provide examples of questions on the test. I do a weekly call out message to keep parents informed. Our website is updated weekly as well.

12. Describe your school's plan for supporting teacher collaboration via PLCs and/or common planning. Include reference to a school schedule that provides time for teachers to collaborate and review student data.

Teacher collaborations is supported through professional development. We offer trainings in small group settings so promotion of collaboration is increased rather that one large group. Our PLC's are weekly and include: faculty, grade level, department and department by grade level. In addition, all departments have common planning and meet a minimum of one time per week. On a quarterly basis or following an assessment cycle, different department will complete reflection questions both individually and as a team. This is then discussed with content area administrator. This process is supportive in nature and affords opportunities for growth and collaboration.

Professional Development

13. Describe the focus areas for teacher professional development over the past year. Have you seen evidence that the training has led to increased teacher effectiveness and student learning? What are your next steps?

Our focus last year in professional development was primarily in reading strategies, AVID strategies and unpacking the standards. The administration team found that there was an increase in reading strategies being implemented across all content areas as well as collaborative structures. An increase in familiarity with unpacking the standards and utilizing/creating goals and scales was an area of success for our departments. When we examine our state testing, our scores in reading went up as well as our math scores. Breaking down text and focusing on locating evidence is a key factor that resulted from our PD.

This school year we are continuing to focus on three critical areas: Collaboration (both teacher and student), and increase usage in reading strategies & Classroom Culture/PBS. These areas were a direct reflection of teacher feedback as well as data from evaluations.

Provide a list of the key professional development opportunities that you have planned as part of your school's sustained professional development model. Connect these trainings to a review of your classroom observation data and teacher Deliberate Practice goals (ex. Marzano Key Instructional Elements, Culturally Responsive Instruction or Data Driven Instruction).

Targeted Trainings / Teacher and Staff Growth Areas

Key trainings planned for summer / fall related to teacher, staff growth needs.	When? Summer, Pre- School?	Participants? Targeted Group?	Expected Outcomes?
AVID reading	preschool	All teachers will have a chance to try new strategies.	Higher number of students reaching proficiency in reading.
ECET2	preschool	All	Build camaraderie/exchange ideas.
Unify	Throughout the year	All	Teachers will have a better understanding of how to retrieve student data in order to differentiate instruction to close achievement gaps.
Marzano training /Peer to peer coaching	Throughout the year	All	Increase teacher understanding of evaluation tool. This will include peer to peer coaching.
Collaborative Structures	Throughout the year	All	Increase teacher's toolbox of collaborative structures that can be utilized within their classrooms.
ESE Book Study	Throughout the year	All	Increase teachers understanding of students with disabilities and how to meet the needs of these learners within their classrooms.

Connections:

District Strategic Plan • Goals 1,3,6,7 Marzano Leadership • Domain 4, 5, 6

14. Describe your school's plan to build positive relationships with families and community members. Please reference specific lessons or growth areas found from a review of your school's AdvancED climate survey, formal or informal feedback from parents and a review of family participation at school events (especially those linked to student learning).

Volunteers participate in roles including mentoring, volunteer orientation training meetings, chaperoning field trips, guest speaking for the Great American Teach-In, judging competitions such as The Literacy Fair and National History Day as well as assisting in the library, offices and book fairs. Osceola Middle School has earned the Gold School Award because we doubled the amount of volunteer hours as we had enrollment.

15. Describe how your school provides parents, families and communities with the necessary academic tools to increase student achievement. Please make reference to your school's attempts to support families in how to interpret and use student data via trainings, data chats or student-led conferences.

Our focus this year is to increase the number of opportunities for parents to come out and have meaningful opportunities to engage with their students and teachers. We will be holding an Open House type of event every quarter. Each session will have a theme – meet the teacher, mid-terms / exams, testing, high school / transition planning.

In addition, we hold PTSA workshops, parent conferences; Weekly Call Out messages are sent out to all families to communicate school based events and activities. All families are encouraged to attend school events including parent nights, chorus and band concerts, monthly PTSA and SAC meetings, performances, competitions and sporting events. Feedback from parent surveys help guide the topics of our PTA training workshops. Progress reports and Report cards are sent home each grading period.

Family Engagement / Planning Inventory

Please rate the following items per your best estimate. The scale below is intended only for your planning purposes. Use the data to support your goals and strategies to better connect with families.

Planning Inventory	Very few of our families	Some of our families	Most of our families	Nearly all of our families
Families who have a parent PORTAL account and password			\boxtimes	
Families who regularly log onto PORTAL to check student grades / progress			\boxtimes	
Families who are in regular contact with teachers in person or by phone, text or email			\boxtimes	
Families who regularly visit the campus for meetings, conferences or school events		\boxtimes		
Families who report feeling welcome when visiting the campus or contacting the school			\boxtimes	

^{*}Note: Please use your own school data resources or best estimates in completing this inventory.

Family Engagement / Key Strategies

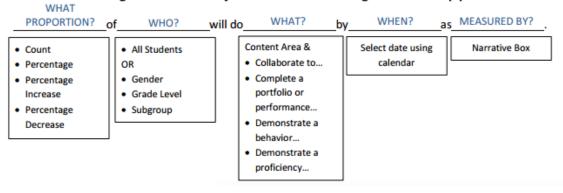

Goal 1: What is your primary goal and strategy to build stronger connections with families and to link those efforts to student learning outcomes?					
Goal: The Family and Community Liaison will increase the number of businesses partners and

What is the key strategy that you will implement to accomplish this goal?	Name of person(s) responsible				
Connect Ed messages, website, facebook, marquee, community	Adrienne Mizia				
contact with local businesses, PTA / SAC meetings					
Goal 2: What is your primary goal and strategy to increase your school's involvement in the community by visiting family homes, neighborhood centers, taking part in community events or connecting to community resources?					
Goal: We will increase our involvement within our community by prom					
friendly events.					
What is the key strategy that you will implement to accomplish this goal? Name of person(s) responsible					
We utilize our counselors to inform the administration team of	Adrienne Mizia, Social				
truant students. Home visits will occur with SW and counselor if	Worker, Counselors				
unable to have parent come to the school. Families that are in					
need can access our food pantry. In addition, we invite all					
families to come to our sporting events.					

Section 2 - School Goals / Action Steps

Academic Goal

Constructing a measurable objective for an academic goal is a six-step process.

Please be sure that your goals are written as SMART goals. Provide actions and steps to implement those goals, including what your school will do to reduce potential barriers. Include a data source.

ELA / Reading Goal	Goal Manager:	Marissa Martino		
All student subgroups will increase proficiency in reading across all content areas from a school average of 54% to an average of 59% to meet or exceed the identified reading and writing FSA targets.				
Actions / Activities in Suppo	ort of ELA Goal	Evidence to Measure Success		

Teachers receive professional development around	Walkthrough data
close reading, instructional shifts, standards,	Formative Assessments: RI, Write
assessment, and instructional methods.	Score, I Ready, FSA
Teachers will work with Reading Coach in differentiating	
their instruction based on the evidence from collected	
data.	
Collaborative structures will be utilized within the classrooms	Walkthrough data

Mathematics Goal Goal Manager: Bob Dohnal

All student subgroups will increase proficiency in mathematics from a school average of 58% to 63% as measured to meet or exceed identified goals on both the math FSA targets and EOC assessments.

Actions / Activities in Support of Math Goal	Evidence to Measure Success
Common planning is provided to all math teachers by grade level for collaboration. This provides opportunities for professional development and training provided by the math coach, administrators and other site based coaches.	Decision Ed; formative assessment data from Think Through Math program; performance assessment data.
Collaborative structures will be utilized within the classrooms	Decision Ed; formative assessment data from Think Through Math program; performance assessment data.

Science Goal Goal Manager: Lori Moore

All student subgroups will increase proficiency in science from a school average of 54% to 59% as measured to meet or exceed identified goals on the science FCAT assessment.

Evidence to Measure Success
Benchmark Assessments
Labs
Walkthroughs
GAP assessment data will determine
areas of need.

Other School Goals*

^{*}High schools are required to complete a college readiness goal pursuant to Section 1008.37(4), F.S.

Other School Goal (STEM, Social Studies, College Readiness, Career-Technical, Healthy School, etc.)				
Goal Name: CTAE	Goal Manager: Brent Dunn			
CTAE students will increase their pass rate by 5% more in the 2016-17 school year				
Actions / Activities in Support of Goal	Evidence to Measure Success			
Provide students in 8th grade the opportunity to parti- "Introduction to Information Technology" course.	Enrollment of 8th grade students who earn high school credit in the elective course on 2013 Microsoft Office Software (MOS) Certification in Word, PowerPoint and/or Excel.			

Other School Goal (STEM, Social Studies, College Readiness, Career-Technical, Healthy School, etc.)		
Goal Name: Healthy School Goal: Work toward Bronze Level recognition with the Alliance for a Healthier Generation Goal Mana		ger: Doug Krieg
Actions / Activities in Support of Goal		Evidence to Measure Success
In 2015-16, OMS was eligible for national recognition in 3 out of 6 modules for the Alliance for a healthier Generation's Healthy Schools program. For 2016-17 we will review all assessment items to determine the most feasible item(s) to improve in one module to achieve recognition level and then develop an action plan for that item(s) by November 2016.		By April 2017, the Healthy School Team will edit the school's healthy school's program assessment in the action plan items to document improvement/achievement of one module that is now eligible for national recognition.
Target for this year (2016-17) is to become eligible for national recognition in 4 out of 6 Alliance for a healthier generation's healthy school program assessment modules.		

Other School Goal (STEM, Social Studies, College Readiness, Career-Technical, Healthy School, etc.)				
Goal Name: Civics	Goal Manager: Craig Sidorowicz			

^{*}All schools are required to complete a Healthy Schools goal.

All 7th grade subgroups will increase proficiency in social s to 69% as measured on the Civics EOC.	tudies from a school average of 649
Actions / Activities in Support of Goal	Evidence to Measure Success
Students will incorporate Data Based Questions to further	Benchmark Assessments
understand the content and to cite evidence to support their	Project based learning
claims.	Student Work
Professional development will be provided during common planning, school wide and at DWT to increase use of strategies in collaboration and reading comprehension	Walkthroughs

EWS – Academic Intervention

Describe your school's established early intervention, dropout prevention and/or extended learning programs as required by Section 1003.53(2)(b), F.S. Please refer to the data sources you use in identifying academic intervention.

School guidance counselors visit classrooms to promote academic and career planning in order to reach all students. The counselors visit feeder schools to discuss curriculum and electives that are available in middle school. In 6th grade, the counselors visit classrooms to introduce the Career Cruising program; In 7th grade, counselors further explore the Career Cruising program with students; In 8th grade all students create a four-year plan on the Career Cruising program. In addition, counselors work with students and families to assist and give advice on course selection, elective choices, and magnet/academy admissions in High School and even course recovery and graduation requirements. In 8th grade, Career study and Finance Park will teach students about career/life choices and finances.

Early Intervention / Extended Learning Goal

Please ensure that your goal is written as a SMART goal

Goal: Students are exposed to AVID elective courses to increase success and college preparation. Students and parents are required to select courses for 9th grade based on their school choice. In addition, students are encouraged to explore career choices during the Great American Teach-In. Struggling students receive additional academic support through the Extended Learning Program, so they can meet graduation requirements.

Actions / Activities in Support of Goal	Evidence to Measure Success

^{*}as defined in 20 U.S.C. 7801 (23). **as defined in Section 1012.2315(2), F.S.

Describe your school's efforts to recruit and retain a highly qualified instructional staff.

A detailed mentoring program has been established to welcome and provide supports for our new staff. A timeline is created and teacher, mentor and administrators meet on a monthly basis. Our school promotes social outings and family style functions throughout the year to increase camaraderie. In addition, we encourage peer to peer coaching acknowledging teachers' strengths as well as opportunities for them to observe and learn from their colleagues.
