# **School Culture for Learning**

Connections: District Strategic Plan • Goals 2, 3

**Marzano Leadership** 

Domain 5

#### School-wide Behavior Plan

1. Describe your school's expectations for providing a safe, secure and healthy learning environment. Ensure that your school has a behavioral system connected to Positive Behavioral Interventions and Supports (PBIS).

The students, faculty, and staff will work together to provide a safe learning environment as evidenced by various school-sponsored surveys and reports.

- Crisis Management Plan
- **School Safety Reports**
- **Chemical Inventory Reports**
- Surveys: Completer Survey, Climate survey, Student satisfaction survey
- 2. What is your plan for ensuring that the school-wide expectations transfer to the classrooms? How does the school ensure that expectations are implemented equitably in the handling of student behavior?
  - The Code of Student Conduct for Post-Secondary Career, Technical and Adult Education is shared with all students, faculty and staff.
  - The school employs a progressive discipline process based on the Code of Student Conduct.
- 3. What is your plan to implement a seamless multi-tiered system of supports (MTSS) focused on an integration of behavioral (social/emotional) and academic supports to meet the needs of all students? Ex. Character education, social-emotional learning, equity, school climate initiatives and/or restorative practices.

To meet the social/emotional and academic needs of our students, PTC will ensure that all students have access to the following resources based on their needs. Faculty and/or guidance staff will meet with each student during the course of the year to determine individual student needs.

Ongoing academic and social support systems:

- 1. SkillsUSA: This Career and Technical Student Organization (CTSO) supports students through extra curriculum activities and competitions held in the spring.
- 2. National Technical Honor Society: Ongoing throughout the year. This organization promotes student academic success at all levels of PTC.
- 3. Phi Beta Lamba: This organization promotes student academic success and social/emotional needs in the business education department.
- 4. Media Center: The media center supports student academic and social needs by providing computer access after regular hours as well as a gathering place for students.
- 5. **Guidance Department**: The guidance department is open at all times. Counseling professionals reach out to all students to discuss their academic and personal needs in a safe and caring
- 6. Youth Connect: The Youth Connect program provides a financial means for certain population students to enroll in school and acquire needed materials for class.
- 7. Placement Coordinator: The placement coordinator assists students with finding jobs and administers financial assistance from the Perkins grant.
- 8. Student Council: Student Council allows students to interact at a leadership level. The council recommends changes to the administrative staff of PTC to create a positive environment on campus.

School and community event that promote academic and social success:

- New student orientation: At the beginning of every term.
   Introduces students to the various policies, procedures, and resources.
- 2. **SkillsUSA Picnic**: Held in the fall. This event promotes student participation in the CTSO and provides a means for students to interact with staff and their fellow students.
- 3. **Open House**: Held in October. The open house event promotes student involvement in showcasing the technical programs. Also promotes staff and current student interaction with prospective students.
- 4. **Career Fairs**: Fall and Spring Career fairs allow students to interact with potential employers. They support students' success by showing the students they can strive for, increasing intrinsic motivation.
- 5. **Meet and Greets**: At the start of each term. The meet and greets allow students to interact with each other and staff, helping to build a positive school culture.

#### **Data-Based Problem Solving**

**4.** Describe your school's plan to meet the physical, social and emotional needs of students who are in need of supplemental or intensive supports. What processes do you have in place?

Pinellas Technical College is dedicated to meeting the diverse needs, (physical, social, and emotional) of all students. The faculty and staff has been directed to refer students to the guidance department for assistance and counseling. The counselors refer the students to a variety of support organizations for assistance. In order to provide the highest level of service we team with community organizations, such as:

- 1. **CareerSource Pinellas**: Provides tuition assistance, certification vouchers, as well as career services and job placement.
- 2. **Youth Connect**: Provides young students with tuition assistance as well as money for tools, books, and equipment while enrolled at PTC.
- 3. **Pinellas County Sheriff's Office**: PTC Clearwater has an agreement to run a cafeteria for the Sherriff's office. This provides students with real-world experience as well as a service to workers at the Sherriff's headquarters.
- 4. **Light House for the Blind**: Provides assistance for vision impaired students and guidance for the college as related to providing accommodations for learning.
- 5. Pinellas Public Library System: Provides space for PTC literature and information about the college.
- 6. **Suncoast Hospice**: Provides social service resources and grief counseling.
- 7. **National Alliance on Mental Illness:** Provides social services and counseling.
- 8. **Directions for Living**: Provide alcohol and drug abuse counseling services.
- 9. **Vocational Rehabilitation**: Provide tuition and job coaching to assist students with special needs to transition into the workforce.
- 10. **PTSA**: The Pinellas Suncoast Transit Authority partners with PTC to provide free bus service for students and school-based volunteers and tutors who show their PTC ID.
- 11. **Pinellas Refugee Education Program (PREP)**: This program assists persons with refugee status with their assimilation in the American culture. The program provides ESOL classes and assistance with everyday processes.
- 12. Lutheran Services: Provide funding and support for people with financial needs.

**5.** Describe how your school monitors student progress to determine if additional supports are needed to improve student outcomes. Include your data sources (school dashboard, disparity gap or Healthy Schools data).

Student data is monitored including attendance, withdraw codes, Occupation Completion Points (OCP), Literacy Completion Points, Job Placement and College and Career transitions. Additionally, we monitor Preand Post-tests, such as TABE and CASAS.

### **High Expectations for All**

**6.** How does your school leadership ensure that all staff members have high expectations for the success of all students by providing learning opportunities that are rigorous and equitable?

School leadership expects all staff members to participate in professional development offerings that will positively impact the learning opportunities of their students. School leadership monitors completion, placement, and licensure rates of all programs, as well as industry certifications. School leadership expects all staff members to foster an environment of continuous improvement based on student performance measures. Performance measures are discussed at staff meetings and PLCs. Professional development is designed to meet gaps in performance measures and is aligned to the instructor evaluation system.

#### School Culture / SWBP / Key Strategies

Goal 1: What is your primary goal and strategy to improve the overall culture, climaters.	ate at your school?
Goal: To promote an inclusive environment and create a friendly atmospher	e for all of our students as
measured by the Student Satisfaction Survey administered bi-annually, with	a 10% increase from fall survey
to spring survey.	
What is the key strategy that you will implement to accomplish this goal?	Name of person(s) responsible
Promotion of positive school culture through professional development at	Leadership team
staff meetings as well as a main/standing topic at all PLC meetings.	
Goal 2: What is your primary goal and strategy for reducing the discipline and learn	ning gaps between Black and Non-
Black students in your school? You may also address other related subgroups if need	ded.
Goal: Reduce the learning gap between Black and Non-Black students as me	asured by annual OCP and LCP
attainment by 0.1%.	
What is the key strategy that you will implement to accomplish this goal?	Name of person(s) responsible
Ensure that instructors are providing differentiated instruction and have a	Leadership Team
cultural focus to align with overall school goal for creating an inclusive	
atmosphere to decrease the 0.3% learning gap between black and non-	
black students.	
<b>Optional Goal:</b> Describe any other goal you may have related to school culture or	behavior. Use only if needed.
Goal:	
What is the key strategy that you will implement to accomplish this goal?	Name of person(s) responsible

# Standards-Based Instruction for Learning

Connections: District Strategic Plan •Goals 1,2,4,5

Marzano Leadership •Domain 1,2,3,4

**7.** Describe your school's efforts to align instruction to state standards, increase academic rigor and student engagement. What successes have you seen to date? What data did you review to measure your success?

Pinellas Technical College provides rigorous instruction that aligns with FLDOE state standards via jprogram curriculum frameworks. Each program's curriculum framework consists of one or more occupational

completion point (OCP). The school utilizes an electronic grading system that tracks student progression through the OCPs. Success is measured by the percentage of OCP completers as compared across annual date. OCP completion data consistently meets or exceeds the school's accreditation expectations.

Pinellas Technical College offers multiple industry certifications. These certifications are aligned to various state standard curriculum frameworks across entire programs. Success is measure by student attainment of industry certifications/licensures as compared to annual data.

- 1. Standards based instruction is correlated to industry certification attainment. For the year 2015-16 the St. Petersburg campus achieved 113 CAPE funded certifications. Using the average new enrollment data for the last five (5) years (967 students), the college has a 12% CAPE certification attainment.
- 2. The St. Petersburg campus students have attained 228 total certifications for the 15-16 school year. Using the average new enrollment for the last five (5) years (967 students), the campus has a 24% total certification attainment.
- 3. To ensure standards based instruction is occurring in the classroom, the district has implemented the Marzano Framework for teaching. Last year was the first year for implementation of the framework at PTC. Teachers have been observed and evaluated on their instructional practice implementing the framework. Most teachers received a satisfactory rating in this component on their evaluations.
- **8.** In aligning instruction to state standards and increasing rigor and student engagement, what are the key areas for improvement in your school? What data did you review in reaching these conclusions?
  - To ensure that all students complete their programs within the state recommended program length in hours.
  - By comparing student enrollment hours to state allotted program hours.
  - Industry certification attainment by students, CAPE and non-CAPE funded certifications.
  - Implementation of the Marzano Framework for Teaching, specifically Element 1: Goals and Scales.
- **9.** Describe how teachers in your school measure student growth in meeting state standards. Discuss your staff's use of student data (ex. assessment, goals and scales) to measure learning and inform instruction.

Students must achieve satisfactory performance scores on individual standards. Student growth is measured using scales and rubrics aligned to their program standards.

Our instructors utilize both formative and summative assessments to track student progress and to develop individual and group instruction.

Data will be reviewed and shared with teachers individually when developing their Deliberate Practice Plan (DPP). Teachers will self-evaluate and establish goals. Together the teacher and administrator will collaboratively determine the training they believe needed and develop a specific timeline to accomplish this plan. For this year, Element 1 on the Marzano Framework will be suggested to teachers as a main DPP goal.

**10.** Describe how your school supports all students in reaching grade level proficiency and transitioning from one school level to the next (elementary to middle, middle to high school and high school to college/career).

Pinellas Technical College provides learning experiences for our students that meets the needs of business and industry to enter the workforce. Curriculum is aligned with FLDOE curriculum frameworks and enhanced with input from program advisory members. The following support systems are in place to assist students in their transition to the workforce or further education based on individual needs:

- 1. **Student Services Department**: This department provides students with a variety of planning and support services that help students make appropriate decisions based on individual needs.
- 2. **Clinicals**: Specific programs have a clinical requirement that places students in the world of work to assist them in honing their skills as well as career development.
- 3. **Externship**: Specific programs have an externship requirement that places students in the world of work to assist them in honing their skills as well as career development.
- 4. **Cooperative Education**: Students have opportunities to receive credit and a wage while working in their career fields.
- 5. **TRC**: The technical resource center assists students in their academic development to increase their ability to perform at a high level while working.
- 6. **Career Readiness**: Resume and interview skills workshops are held on a regular basis to help students create resumes that will assist with placement in the workforce.
- 7. **Industry Visits**: Many students visit industries and businesses to gain a contextual understanding of the work environment prior to completing their technical training.
- 8. **Job Placement Coordinator**: The placement coordinator assists students with locating and interviewing for jobs.
- 9. **Advisory Committees**: Each program has a functioning advisory committee that supports the programs and hires students.
- 10. Job Board: There is an online job board that is maintained by the placement coordinator.
- 11. **Dual Enrollment Program**: The dual enrollment program helps high school students transition to PTC by providing an opportunity for student to take PTC courses prior to graduating high school.
- 12. **Occupational Specialists**: The occupational specialists visit high schools to promote PTC and assist students in either dual enrolling or entering PTC upon graduation.
- 13. **Articulation Agreements**: Articulation agreements are designed to promote student transitions to further education. PTC has local and statewide agreements in place.
- 14. **Career Pathways**: The career pathway program is designed to promote students' mobility (both dually-enrolled high school and adult) through the various components of the educational system on their way to a viable career. Students in the ABE programs are given information on how to move into a PTC program as the next step in their educational attainment.

# Standards-Based Instruction / Key Strategies

Provide the following information on the key strategies that your school will use to increase the amount and quality of learning time. List the school-wide strategies that will be your focus for the coming year.

Instructional Strategy 1	
Goal: All instructors will continue to implement the Marzano Instructional Fr throughout all aspects of their program.	amework for Teaching
How are data collected and analyzed to monitor implementation of this strategy?	Name of person(s) responsible
I-observation, formal/informal evaluations, walkthrough data, conversations and student evidence	Administrative Team
Instructional Strategy 2	

	•
Goal: Focus on industry certification attainment for each student	
How are data collected and analyzed to monitor implementation of this strategy?	Name of person(s) responsible
Student annual industry certification attainment data as reported by the teachers to the placement coordinator.	Leadership Team
Instructional Strategy 3	
How are data collected and analyzed to monitor implementation of this strategy?	Name of person(s) responsible

# **Collaboration for Professional Growth**

Connections: District Strategic Plan •Goals 1,2,4,5

Marzano Leadership

Domain 2, 4

11. Describe your school's efforts to encourage a positive working relationship between teachers, staff and administrators. Please reference specific lessons or growth areas found from a review of your school's AdvancED climate survey that supports your plan to improve professionalism, collegiality and trust.

As a baseline all staff strongly support the notion that all stakeholders in our school should participate in a collaborative learning community and will increase our positive working relationship by meeting both informally and formally.

- 1. Provide PTC attire to staff
- 2. Holiday celebrations
- 3. Birthday acknowledgements
- 4. New teacher mentoring program
- 5. Transition to Teaching (TTT) program for new teachers
- 6. Wellness program
- 7. Hospitality program
- 8. Retirement celebrations

#### **Growth Areas**

- 1. Improved communication: Increase and frequency of PLCs and create standing topics to encourage communication.
- 12. Describe your school's plan for supporting teacher collaboration via PLCs and/or common planning. Include reference to a school schedule that provides time for teachers to collaborate and review student data.

Instructors will meet in a PLC to collaborate and share student retention strategies, industry certification goals, resources, completion and placement data. The PLC will be led by the program department chair. PLC meetings will be held monthly with standing agenda items of (a) school culture and (b) Marzano implementation.

**Professional Development** 

13. Describe the focus areas for teacher professional development over the past year. Have you seen evidence that the training has led to increased teacher effectiveness and student learning? What are your next steps?

Over the past year, Pinellas Technical College has implemented the Marzano Instructional Frameworks, accompanied by many professional development opportunities, school and district-based. The result of these trainings have been utilization of the Goals and Scales, as well as an increased focus on studentfocused learning, and increased teacher monitoring of students for comprehension of learning target. Instructors developed pacing charts and demonstrated to students how to keep track of their academic performance.

This year, professional development provided by the district, as well as site based, will focus on standardsbased instruction. Teachers will have opportunities to continue their understanding and implementation of the Marzano framework.

Provide a list of the key professional development opportunities that you have planned as part of your school's sustained professional development model. Connect these trainings to a review of your classroom observation data and teacher Deliberate Practice goals (ex. Marzano Key Instructional Elements, Culturally Responsive Instruction or Data Driven Instruction).

### **Targeted Trainings / Teacher and Staff Growth Areas**

Key trainings planned for summer / fall	When?	Participants?	Expected
related to teacher, staff growth needs.	Summer, Pre-School?	Targeted Group?	Outcomes?
Fall District-wide Training	Pre-School and Summer	FT Instructors	Highest student achievement. District and FLDOE State Updates.
Marzano Training for Teachers	Monthly	FT Instructors	Increased understanding of Marzano Instructional Framework and evaluation system
Professional Learning Community Meetings	Monthly	FT Instructors	Build collaboration within the departments that result in highest student achievement.

# **Family and Community Engagement**

Connections: District Strategic Plan • Goals 1,3,6,7 Marzano Leadership • Domain 4, 5, 6

**14.** Describe your school's plan to build positive relationships with families and community members. Please reference specific lessons or growth areas found from a review of your school's AdvancED climate survey, formal or informal feedback from parents and a review of family participation at school events (especially those linked to student learning).

Pinellas Technical College's School Advisory Committee (SAC) and program advisory membership consists largely of community partners. The majority of our students are adults and community partnerships increases their opportunity for gainful employment. Building and maintaining positive relationships with community partners, students and their families is a vital link for our success. Pinellas Technical College will continue to build relationships with community partners to increase our students' opportunities to develop leadership skills and employability success.

- Continue to provide Pinellas Technical College presentations for community organizations and tours of our campus to enhance partnerships.
- Administrators are members of the surrounding chambers of commerce, partners with CareerSource and the Pinellas County Economic Development Board.
- Career Technical Student Organizations hold toy and food drives each year and donate to children in the local community.
- The family and community relations liaison who handles campus volunteers.
- Individual program advisory committees provide input to support quality programs and offer employment to program graduates.
- 15. Describe how your school provides parents, families and communities with the necessary academic tools to increase student achievement. Please make reference to your school's attempts to support families in how to interpret and use student data via trainings, data chats or student-led conferences.

Instructors developed pacing charts and show students how to keep track of their academic performance.

## Family Engagement / Planning Inventory

Please rate the following items per your best estimate. The scale below is intended only for your planning purposes. Use the data to support your goals and strategies to better connect with families.

Planning Inventory	Very few of our families	Some of our families	Most of our families	Nearly all of our families
--------------------	--------------------------------	----------------------	----------------------	----------------------------------

Families who have a parent PORTAL account and password		
Families who regularly log onto PORTAL to check student grades / progress		
Families who are in regular contact with teachers in person or by phone, text or email		
Families who regularly visit the campus for meetings, conferences or school events		
Families who report feeling welcome when visiting the campus or contacting the school		

<sup>\*</sup>Note: Please use your own school data resources or best estimates in completing this inventory.

# **(**)

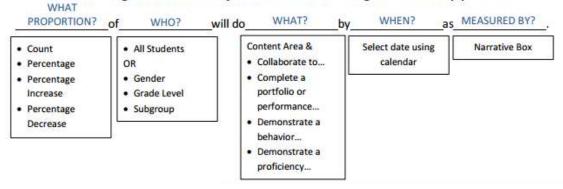

# **Family Engagement / Key Strategies**

Goal 1: What is your primary goal and strategy to build stronger connections with families and to link those efforts				
to student learning outcomes?				
Goal: Maintain and build social media outlets to promote family involvement in student success by				
providing clear information and assistance by spring 2017.
